

Sugar Queen

And the Straight Blues Band

Roots Music Report voted SUGAR QUEEN's 340 Blues CD #9 in the Top Chicago Blues Album Chart for the Year of 2018.

340 Blues is the debut CD from Sugar Queen and the Straight Blues Band. Michele Denise (Sugar Queen) is an American blues singer who has collaborated with musicians from Belgium and the Netherlands to form the Straight Blues Band. Though the band started in 2016, they have quickly performed at some of the well-noted blues festivals. 340 Blues has passion and grit. Composed and written by the band, the CD is a versatile journey which includes gut wrenching slow blues, Chicago and Swing, country, swaggering grooves and a soulful selection. Backed by the energetic Straight Blues Band, Sugar Queen is raw and honest, pulling emotions to the surface with her voice. Rolling into 2018, with festivals dates and a planned tour, Sugar Queen keeps the fires burning.

She has brought in a killer band of local musicians to form the core of The Straight Blues Band, and collectively they have put together an amazing debut album. From the first notes of "Crab Boil," it becomes quickly evident that Sugar has come to rock the blues in the traditional manner.

-Bob Leggett, LA Music Critic, USA
